

Conference and Annual General Meeting

22, 23 and 24 June 2012

Te Papa Tongarewa, Wellington

**Celebrating 35 Years of Acupuncture and Chinese Herbal
Medicine in New Zealand**

First established in 1977 by a small group of practitioners, the New Zealand Register of Acupuncturists (NZRA) has grown to be the largest professional body representing practitioners of Acupuncture and Chinese Medicine in New Zealand. In 2012, the Year of the Water Dragon, we will celebrate our 35th birthday.

Although Acupuncture has led the way here in New Zealand, more and more people are turning to Chinese Herbal Medicine or are perhaps starting to learn Taiji or Qigong in order to benefit their health. The focus for this year's conference is to further develop our skills in every aspect of Chinese Medicine – less talking and more doing. Clinical workshops for Acupuncture and Chinese Herbal Medicine as well as Tuina, Taiji and Qigong sessions will be included.

Utilising the extensive presenting skills of our members as well as including invited speakers from across the Tasman, the aim is to send conference delegates home with a refreshed and renewed set of skills which will be of immediate use in clinic. A full update on more political matters will also be included in the programme.

The weekend is also an opportunity to catch up with friends and colleagues from around the country as well as to meet with those who provide services and supplies to our profession.
