

## 2021 Conference and Annual General Meeting

### “Foundations for the future”

**Rydges Hotel, Wellington**

**14 and 15 August 2021**

This year, as we are still recovering from the impact of Covid-19, and taking into consideration the likely impact of the Health and Disabilities Review, our chosen theme is **"Foundations for the Future"**. The strong foundation we have in the classics and the skills that have been handed down over generations are the perfect building blocks for the months and years ahead as we take our profession through to new levels of professionalism and integration into the overall health care system of New Zealand.

With the continuing uncertainty of international travel, we are this year introducing a full spectrum of local speakers. We are blessed here in New Zealand to have an enormous depth of knowledge, skills and experience amongst our own membership. Our plan is to bring to the conference a balance of lectures, workshops and opportunities to share together with the most up to date information from ACC and the Ministry - all of which can be taken back to the clinic on Monday and put into action.

Watch the website, Facebook and WeChat for further information about the presenters as they are announced!
