

We are looking for an Acupuncturist to join us full-time at our multidisciplinary clinic in beautiful Wanaka.

About us:

Laryn Allied Health is a multidisciplinary clinic comprising 1 Acupuncturist, 2 Osteopaths, 1 Massage Therapist / Myotherapist and 1 full-time clinic practice manager.

We operate from our beautiful clinic in Wanaka where each practitioner works independently but within a supportive team setting.

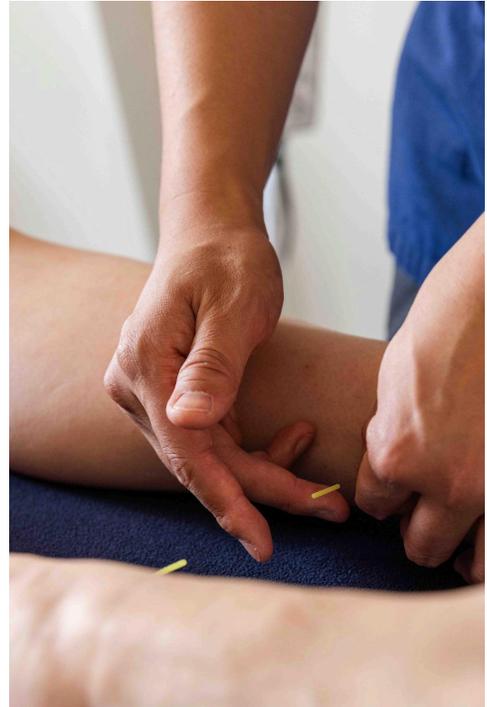

We work closely with specialists, surgeons, and midwives when cases are outside of our scope in order to ensure the best outcome for each patient and have an excellent referral system in place. Likewise, they refer patients to us when services we provide can be useful towards a patient's healing.

We have regular team meetings where we come together to share clinical cases, do CPD or have a speaker come and present to the team. Everyone in the clinic is encouraged and supported in continuing to broaden their level of knowledge in their field of expertise as well as any other area they may wish to learn about.

Each of us has chosen Wanaka because we love the nature that surrounds us, therefore, it is encouraged to enjoy the downtime and outdoors as well as working in the clinic.

About you:

- Must be registered with Acupuncture NZ and the Chinese Medicine Council of New Zealand.
- Must be registered with ACC.
- Must have a valid work visa or be eligible to work in NZ.
- Have experience in TCM, moxibustion, cupping and acupressure. Chinese Herbal Medicine is preferable but not required.
- Must be currently in New Zealand.
- 2+ years experience is preferred, if the right candidate presents themselves we may consider a new grad.
- Must speak good English to a level that is acceptable within a clinical environment.
- We are looking for someone who is passionate about their profession, and eager to learn and grow with the team.
- You will be taking over an existing patient load.
- Immediate start available.
