What my students say...

“Abbie’s workshops are a refreshing smack in the face. In a world where women are under a ridiculous amount of pressure to look a certain way, Abbie will have you walking out of the weekend / room / course (you pick) armed with effective long lasting techniques and proven protocols and loving on yourself hard

☐☐ ♀ Splash in the face stab in the face ☐”

- Keri Krieger

“Abbie’s cosmetic acupuncture seminar was the perfect balance of theory and practical application. After completion of the course I was confident to provide a beautiful holistic facial treatment. Absolutely recommend this course to anyone wanting to further their skills and knowledge in cosmetic acupuncture!”

- Jess Hewitt

“My friends and I attended Abbie's Gua Sha workshop last week and absolutely loved it. It was informative and fun and always love finding new natural techniques that work. Can't wait to see the results! As students of Chinese medicine my friends and I learnt a lot and felt very inspired afterwards.”

- Jessica Minogue

“Abbie is an amazing lecturer!! She makes the content fun and interesting. The strong emphasis on practical techniques empowers the student to immediately commence practicing this awesome cosmetic acupuncture. Would highly recommend!”

- Andre Artmann
