

ICCMR [2019]

14th International Congress on
Complementary Medicine Research

Pathways and Partnerships

It is a great pleasure to be able to invite you to the 14th International Congress on Complementary Medicine Research (ICCMR) 2019 in Brisbane, Australia.

Australia is a great country packed with fabulous nature and world-leading complementary medicine research. Now we get to share this with you and can't wait to see you all down-under in Brisbane between 7th and 10th May 2019.

We are looking forward to the gathering of researchers and clinicians from all over the world involved in complementary and integrative medicine. This event is the International Congress on Complementary Medicine Research and is the pre-eminent annual research event for the field.

Steel**

**Distinguished Professor
Jon Adams**

ICCMR 2019 will be held at the Brisbane Convention and Exhibition Centre, Australia's most awarded convention centre, and recent host of the G20. Located in Brisbane's cultural precinct, South Bank, delegates will be on the doorstep of the Gallery of Modern Art, State Library, Queensland Art Gallery and numerous award-winning restaurants aligning the river bank.

A visit to Brisbane is a chance to immerse yourself in the very best of Australia. We encourage you to arrive a little earlier or stay a little longer to discover what Brisbane and its spectacular surrounds offer you.

Brisbane's lifestyle is marked by South Bank's inner-city beach, lush parklands and culture-rich precinct housing Australia's largest Gallery of Modern Art, Queensland Art Gallery, Queensland Museum and Queensland Performing Arts Centre.

Australia boasts over 11,011km of coastal beaches however, the only beach in the middle of the city, is located within minutes of the Congress venue at South Bank.

Brisbane is built on the banks of a gently winding river, a compact and walkable city where you will find a surprise around every corner. Including several memorial stones commemorating alignments between Brisbane and her sister cities.
