

🚀 LAUNCHING Yamamoto New Scalp Acupuncture | 2020 Dates Just Released

1st EVER Yamamoto New Scalp Acupuncture 3 day workshop is coming to Australia on 1-3 MAY 2020.

Read further to learn about the super early bird discount, but for now, have you heard of [Yamamoto New Scalp Acupuncture](#) (YNSA) before?

Of course, most acupuncturists have... but did you know it has been introduced to over 14 countries all over the world...

...and in those countries, the acupuncture treatment is used in medical care and many are covered by insurance.

The name of the doctor who invented the treatment is Dr Toshikatsu Yamamoto.

Yamamoto developed this acupuncture system in 1973 to provide both symptomatic relief and curative effects to those with restricted mobility.

A question frequently asked is what is the **difference between YNSA and Chinese-style scalp acupuncture**... and the answer is the diagnostic system.

With the use of the YNSA diagnostic points, even **beginners can accurately determine treatment points...**

... and the clincher is, there is only a total of 40 points to use.

➤ **There are not many points to use.**

- 9 Musculoskeletal disease basic points
- 4 Sensory points
- 12 Organ points
- 3 Brain points
- 12 Cranial nerve points

Total **40** points

The effect of each point is **easy to understand**... the needle is inserted into the point connected to the site of the symptom cause (the location projected on the head)

To allow for speed of understanding and fast implementation, the technique has been systemised...

... it does **not require years of complex knowledge** or years of experience, just follow the system.

This is why YNSA has been accepted by acupuncturists all around the world.

WHAT YOU WILL LEARN FROM THIS COURSE

- Philosophy and background of the Yamamoto New Scalp Acupuncture (YNSA) system
- Hands-on application of acupuncture techniques on the YNSA microsystem
- Method for time-efficient treatments due to scalp location, which yields convenience for both patients and practitioner, less pain, and faster outcomes
- An enhanced clinical ability to treat conditions for which YNSA is renowned for: chronic disorders of the neurological and musculoskeletal systems. [Click here to see the conditions treated](#)

WHO SHOULD ATTEND THE YAMAMOTO NEW SCALP ACUPUNCTURE COURSE?

- Chinese medicine practitioners and acupuncturists who hope to enhance their clinical ability in alleviation and treatment of disorders including, but not limited to, neurological, neuromuscular, psychological, gynaecological, autoimmune, and internal imbalances/disorders
- Other health practitioners and medical acupuncturists with a special interest in neurological conditions and the TCM scalp acupuncture philosophy and system, and who would like to broaden their scope of delivering instant and long term clinical results

COURSE STRUCTURE

All sessions in the 3 day seminar include lectures and hands-on practicals, they include:

- Introduction to Yamamoto New Scalp Acupuncture (YNSA) and Dr. Toshikatsu Yamamoto
- Location, function, and indication of all diagnostic points
- Practical skills training

The course is 60% hands-on and 40% lecture-based... for a more detailed breakdown [click here](#) for the schedule.

KAMIYA TETSUHARU AND YNSA

Kamiya Tetsuharu is one of the closest disciples of Yamamoto sensei to date. Since the establishment of the Japanese YNSA Society 10 years ago, he has been continually working on the accurate and widespread transmission of the practice.

Kamiya sensei has conducted over 30 YNSA seminars in Japan, Taiwan, UAE, and Indonesia... he maintains a strong professional relationship with Yamamoto sensei and attends his advanced training sessions multiple times a year to understand the latest YNSA developments.

ALL ABOUT TETSUHARU KAMIYA

Tetsuharu Kamiya received his B.S. in Medicine Shanghai TCM University, Shanghai, China. After returning to Japan, he also acquired a national license of acupuncturist.

Kamiya is a direct disciple of Dr Yamamoto and the certified instructor of Yamamoto New Scalp Acupuncture. He has been involved in the spread of YNSA for about 10 years since the establishment of the Japanese YNSA Society.

One of the few certified instructors, he is working to accurately convey the basics of YNSA established by Dr Yamamoto.

Practical assistant to Kamiya sensei is Mika Kamiya, [click here](#) to learn more about Tetsuharu and Mika.

For Acupuncturists who want an enhanced clinical ability treating conditions for which YNSA is renowned for and a method for time-efficient treatments with faster outcomes, you DON'T want to MISS this!
